How Do I Download EPSQ from the Internet?
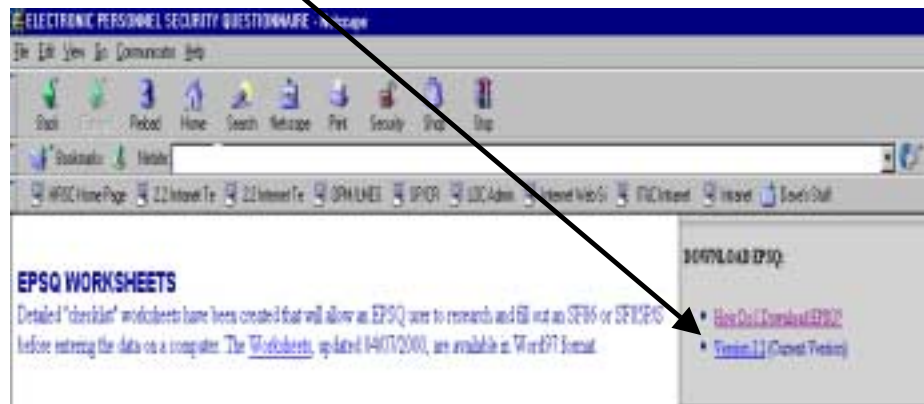

The screen shots in this document were taken from the Netscape browser, but should look the same with Microsoft Internet Explorer, AOL, etc.

1. Open your Internet browser. In the address field enter www.dss.mil

2. After the DSS homepage has loaded, click on EPSQ on the left-hand side of the screen.

3. Once the next page finishes loading, scroll down and click on the current version.

4. After you have clicked on the current version, find a quill & pen icon at the bottom of the page. Click the icon to continue. (Note: You may also download the instruction guides under EPSQ Documentation.)

Documentation:

- Go to **EPSQ documentation** including the Security Officer and Subject Edition Instruction Guides.
- Review **Release Notes** to learn what has been included in this upgrade.
- If you are currently using a previous version of EPSQ, please read this **important message**!
- **Restrictions for distributing the EPSQ** to the World Wide Web

Downloading:

Press this icon to Download EPSQ 2.2 (for Windows)

5. The next screen you will see is a warning page. Read it and press the bar if you agree or cancel if you do not.

"I affirmatively acknowledge my obligation to abide by the Bureau of Export Administration's Export Administration Regulations when using the software. I accept the restrictions as stated above and willingly acknowledge DSS user information lookup before continuance."

Press to acknowledge the above statement and continue.

Cancel

6. A page will load that requests some information about you. Please complete this information, selecting from the pull-down menus as necessary, then press SUBMIT.

Defense Security Service
Electronic Personnel Security Questionnaire (EPSQ)

EPSQ REQUEST PAGE

Warning: Due to inclusion of encryption software within the EPSQ, the Defense Security Service (DSS) is required to collect certain information before the EPSQ can be distributed. That information includes name, address, zip code, and telephone number. DSS is also required to identify the location of the prospective terminal to be used to download the software, together with a mailing address.

Please complete the information below. Any omission may delay or void your request for EPSQ software. You will be required to re-register EACH time you attempt to download the software.

Name							
	First		MI		Last		Suffix

---

7. Next, click on the link that matches the version of Microsoft Windows that you are using.

Welcome to the Defense Security Service Electronic Personnel Security Questionnaire (EPSQ) Version 2.2 (for Windows) Software Download Page

Important Note: The EPSQ version 2.2 software (including the Upgrade "patch"), released on _____ , is designed to operate on Windows versions 3.x, 95, 98, NT or 2000.

Start

Windows 95, 98, NT or 2000 Users, Press Here

Microsoft Windows Version 3.1   Windows version 3.x Users, Press Here

DSS Home

Email Comments and Questions to epsq_questions@mail.dss.mil

8. For this example, the <u>Windows 95, 98, NT or 2000 Users</u> option was selected. A majority of our customers use these versions of Windows. The Windows 3.x screens look much the same.

The download page shows several options:

(1) Click on <u>EPSQ Upgrade</u> if you currently have EPSQ version 2.0.2, 2.1, or 2.1.1 on your computer and you wish to upgrade to the latest version.
(2) Click on <u>"new" installation of EPSQ</u> if you do not currently have EPSQ or if you wish to reinstall the program.
(3) Click on <u>installation diskettes</u> if you wish to create installation diskettes of the software. (Please review the directions on how to create installation diskettes and install EPSQ from those diskettes.)

Welcome to the EPSQ for Windows 95/98/NT/2000 Users
Version 2.2 Software Download Page

FOR WINDOWS 95, 98 , NT or 2000 USERS ONLY (If you are using Windows 3.x, click HERE for downloadable files designed for Windows 3.x.)

This page allows a user to:
(1) Download an EPSQ Upgrade ("patch").
(2) Download a "new" installation of EPSQ.
(3) Download the files to create installation diskettes of the EPSQ software.
(4) Review important information about the EPSQ release.

---

9. In the following example, <u>"new" installation of EPSQ</u> was chosen. Click on the link for the Edition of EPSQ that you need. If you are filling out a form for yourself, click on <u>Subject Edition</u>. If you are a Security Officer, click on Security Officer Edition. (The link to the instructions on how to install EPSQ is located at the bottom of this page.)

"New" Installation to a Server or Stand-Alone PC
Windows 95/98/NT/2000 Users

THESE FILES WILL NOT FIT ON A DISKETTE!!
Download them to your hard drive or LAN BEFORE attempting to install!

Select the Edition(s) of your choice to installing a "brand new" 2.2 version of the EPSQ to a shared LAN drive or Stand-Alone PC
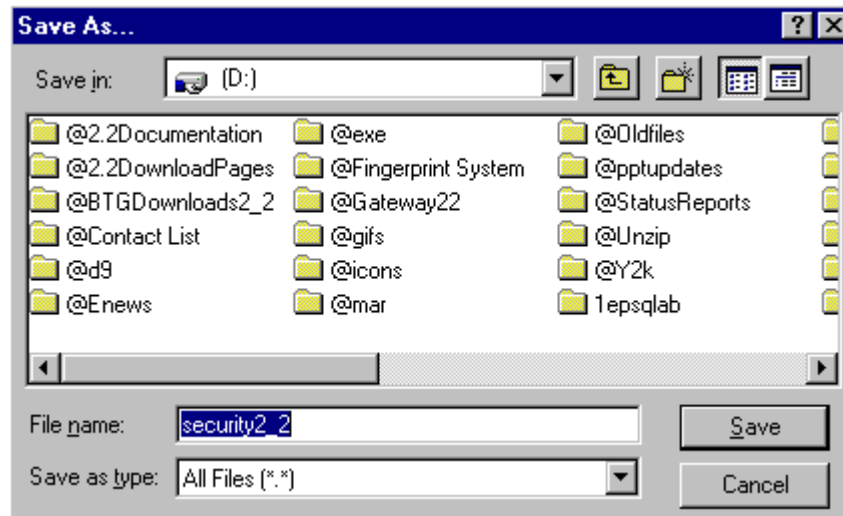

Security Officer Edition (Download SECURITY2_2.EXE (2785KB) for installing the Security Officer Edition)

Subject Edition (Download SUBJECT2_2.EXE (2784KB) for installing the Subject Edition)

After downloading the Edition(s) of your choice to your computer, read the installation instructions for more details.

10. A screen MAY appear that asks if you want to Open the file or Save it to disk. Click Save it to disk and hit OK.

11. Save the file onto your HARD DRIVE, <u>NOT</u> ON FLOPPY DISKS. If you selected the Security Officer Edition, the file name should be security2_2.exe. If you selected the Subject Edition, the file name should be subject2_2.exe. (Please note the file names are slightly different for Win 3.x users.)

FINISH UP!!
12. After the file finishes downloading, go into Windows Explorer (Start=>Programs=>Windows Explorer) and locate the security2_2.exe or subject2_2.exe file that you downloaded. Double click on that file to begin installation.
